Happy 4th of July!

From the Coordinator

Summer is here and the Little Flower is enjoying Summer Camp. Morning begins with music class followed by snack, outdoor play and sprinklers. When we come in for story time and lunch, we feel cool, comfortable and very happy. Painting, puzzles, computers and more fun activities outdoors fill our summer afternoons, as we all have time to relax, play, share and make new friends. Welcome to Summer Camp in the Little Flower, where we look forward to many more happy days of summer together!

The Seed will be
CLOSED
August 30 through
September 6

Summer Fun and Water Play

What a wonderful and fun start to summer we have had! Every morning after music class we head outside for playground fun in the sandbox, including taking turns on the swings, bikes and scooters. Then we change into our bathing suits for water play and games. We love playing with the water table with all our floating toy animals, fish and measuring containers. We are getting very good at pouring from one container to another. "Anyone for tea?" "How about some coffee?" "It's so fun to pour!" We also really enjoy the sprinklers; it feels so cool to get our toes and tummies wet. We love it when the teachers sing "It's raining, it's pouring" and they let it "rain" on us as we run around. We also love dancing the Hokey Pokey in the sprinklers: "Put your right hand in, put your right hand out...." Not to mention our favorite fishing game: magnetic fish with special rods to catch them. There are many different kinds and colors of fish, and we are really good at sharing and taking turns. It's a great game! We just love summer!

Happy Birthday

Breanna
3 years old!

THE SEED DAY CARE CENTER
where children blossom

The Little Flower Newsletter

July 2010

Page 2

Summer Camp Calendar of Events has brought a spirit of anticipation and fun to The Little Flower. Activities such as Bubble Day, Favorite Tee-Shirt Day and Career Day were special favorites. Noah's mom, Kim Leibowitz, came on Career Day to tell us about her job in Marketing. When everyone saw the outline of Mickey Mouse's ears, they all shouted out his name. "That's the power of marketing!" she explained.

Below you can see a few photos of the fun event. (Thank you, Noah's mom!!)

"THE SEED IS SUCH A SPECIAL PLACE. IT REALLY IS WHERE CHILDREN BLOSSOM."

Music and Movement

Summer has brought us new friends. Getting to know one another is very important so we can have fun together.

During Music and Movement time, songs such as “*Where Are you?*” sung to the tune of “*Frere Jacques*” have helped the children learn the names of their new friends. These songs also give them a sense of appreciation and belonging.

Where is (name of child)?

Repeat

There (she/he) is! (Point to child)

Repeat

Will you come and play with us?

Repeat

Yes! I will! (Child stands and answers)

Repeat

The songs we sing and the activities we do together are a great way to make friends. We sing while playing instruments, dance while skating on paper plates, fly in imaginary airplanes and jump and move to different musical activities. Music and Movement class is just one part of our happy and full-of- learning day.
